

WUNDA 

Welcome to your Smart Slim Thermostat

- 1 Current temperature
- 2 Room humidity
- 3 Thermostat Lock icon

- 4 Operating Mode icon:
 - manual mode
 - scheduling mode

- 5 Increase Temperature Setting button
- 6 Decrease Temperature Setting button
- 7 Setup button
- 8 2 × AAA Alkaline Battery compartment
- 9 Optional floor temperature probe connector

The Scheduling Icon indicates the next temperature change will be set according to the schedule in the app.

The Manual Icon indicates the zone is in manual mode and will not change temperature until the next manual change, or it is switched back to the schedule.

The Lock Icon indicates the thermostat has been locked. (You can lock or unlock thermostat in the application)

The Low Battery icon indicates it is time to change the battery. The remaining battery level of each battery powered device can be found in the app.

This Icon indicates the connection between the Thermostat and the Hub has been lost. Make sure your HubSwitch is powered.
