

**WUNDA** 

Welcome to WundaSmart

## Welcome to your Smart Thermostat

The Scheduling Icon indicates the next temperature change will be set according to the schedule in the app.

The Manual Icon indicates the zone is in manual mode and will not change temperature until the next manual change, or it is switched back to the schedule.

The Lock Icon indicates the thermostat has been locked.

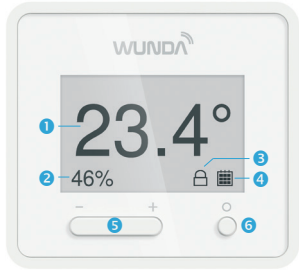

The Low Battery icon indicates it is time to change the battery. The remaining battery level of each battery powered device can be found in the app.

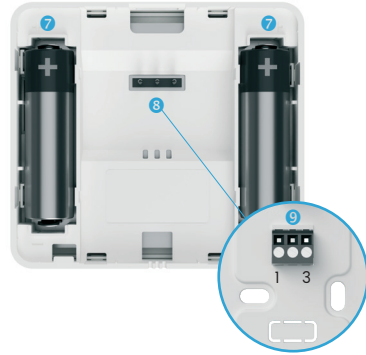

This Icon indicates the connection between the Thermostat and the Hub has been lost. Make sure your Hub is powered and the antenna is assembled.

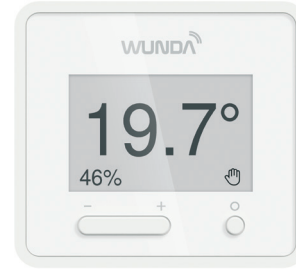

## Operating Guide

- 1 Current temperature
- 2 Room humidity
- 3 Thermostat Lock icon
- 4 Thermostat Operating Mode icon:  
☞ manual mode, 📅 scheduling mode
- 5 Temperature Setting buttons
